AEROSPACE ADDITIVE MANUFACTURING SUMMIT

What is Aerospace Additive Manufacturing Summit Toulouse?

Aerospace Additive Manufacturing Summit is the first event dedicated to Additive manufacturing in Aerospace. This is a unique opportunity for buyers, sellers, end users of design, prototyping and tooling from the aerospace field to meet and talk about manufacturing technology trends and future opportunities in additive manufacturing and 3D printing.

Solutions in

Rapid prototyping

Prototyping equipments

Rapid manufacturing

Developing and manufacturing of rapid tooling and prototype moulds

Pilot production and short production series

Raw materials

Studies & services

Event format & program

SUMMIT: December 3, 2019

BtoB MEETINGS: December 4, 2019

Summit

Gain new insights into the state-of-the-art of the additive manufacturing industry; its challenges, opportunities and trends

3D printing, a variety of techniques

Additive Manufacturing, a key factor of competitiveness

Additive Manufacturing processes

What kind of Additive manufacturing for tomorrow?
