AEROSPACE ADDITIVE MANUFACTURING SUMMIT

The first event of its kind in Europe, **Aerospace Additive Manufacturing Summit** is the most important event dedicated to Additive Manufacturing.

The conference program will give you an overview of the importance of Additive Manufacturing in Aerospace as well as the developing trends in the sector.

Get new insight in the visions of the main aerospace OEMs in Europe, their supply chain involvement, the state of the art technologies and the last achievements of the research centers.

AAMS provides an unique opportunity for everybody working within the Additive Manufacturing domain to meet and do business.

Solutions in

Prototyping equipments

Developing and manufacturing of rapid tooling and prototype moulds

Studies & services

Machines / Process

Pilot production and short production series

Controls

Technologies

Raw materials

Event format & program

SUMMIT: September 22, 2021

B2B MEETINGS: September 23, 2021
