

The logo for the Aerospace Additive Manufacturing Summit. It features a stylized red and white graphic of a rocket or aircraft on the left, followed by the text "AEROSPACE" in large, bold, black capital letters, "ADDITIVE MANUFACTURING" in smaller, bold, black capital letters below it, and "SUMMIT" in the smallest, bold, black capital letters at the bottom.

AEROSPACE ADDITIVE MANUFACTURING SUMMIT

Emil Johansson

CEO

Emil Johansson has spent the last six years developing the innovative additive manufacturing processes at RISE Research Institutes of Sweden. His main focus has been software development for large scale additive manufacturing using industrial robotics. Since January 2021, he is the CEO of ADAXIS, a French-Swedish start-up developing the next generation software tools for robotic 3D printing.
